RE: 2022 Avista Residential Rebate Program Changes

Hello All,

I hope you had a wonderful holiday season! 2022 is here and Avista has evaluated and planned several new or revised residential rebates. This will be another exciting year with some increased rebate incentives and several new multifamily rebates. Please note that there are several energy efficiency rating changes. Rebate incentive changes begun January 1, 2022.

Rebate forms are being revised with separate forms for Idaho and Washington, as the rebates offerings are different in each state. The rebate forms will be posted soon on [www.myavista.com](http://www.myavista.com).
